Please measure in inches only, and provide only measured measurements.
(do not measure in cm and convert, as this will be inaccurate)

* Please measure at the **fullest** part of the waist (typically across the bellybutton).

** This is your high street trouser size: we ask for this to show that the waist measurement (#2) is going to be more accurate. *(The waist measurement will affect not only trouser fit, but also jackets and waistcoats, so is important to be correct.)*

*** Inseam to ankle bone only (where the seam starts on a good fitting pair of trousers to the ankle bone). This may well be shorter than your high street trousers – this is normal.

We do not care what size our clients are; we simply want to ensure the best fit.
Please be accurate and honest with all measurements.
